

I listen exclusively to K-LOVE Radio station. I moved here from an area that did not receive K-LOVE and I feel so blessed to be able to listen to a radio station that supports family values and that does not play offensive music or use offensive language. I feel that it is important for our local community to have this radio station that promotes family values. If K-LOVE were to be taken away, I do not think there would be another station that would step up to the level of family values that K-LOVE maintains. K-LOVE's positive and encouraging impact on the community is very important to me and to the community. I believe in K-LOVE's ministry. That is why I am a financial supporter of K-LOVE.
